

Canudo

NEW!
REHABILITATION

“Reproduced from the historic curve roof tile, CS Canudo **combines the beauty of the past with the present functional requirements**”

1 Detail of application at CS stand, on Tektonica fair 2011.
Lisbon, May 2011.

Canudo

Welcome to the past!

Reproduced from the historic curve roof tile, **CS Canudo** combines the beauty of the past with the present functional requirements. **CS Canudo** design ensures the continuity of tradition, benefiting from a high mechanical strength and dimensional accuracy.

Roof Tile dimensions (approx.)	45,0 x (15,9/12,8) cm
Roof Tile weight (approx.)	1,850 kg
Roof Tiles per m ² (approx.)	30
Rip dimension (approx.)	35 cm

Ideal for **ceramic roofs rehabilitation**.
